Dear Justin,

The National League of cities Institute for Youth Education and Families has requested from Elkhart a proposal describing a city-wide after school opportunity. The finest program I'm aware of is Five Star Destiny, Inc.

I would like to submit to the NLC a description of your endeavor and see where it goes from there. The NLC engages thousands of cities across the country helping to strengthen them. Your efforts are noteworthy and may capture the imagination of other cities if they know about it. This is one way to spread the word.

I'm proud of you Justin, and Elkhart is better because of you and your family.

Your friend,

Dave Miller  
Mayor  
City of Elkhart
