Hi! My name is Eric Peat, and I am from Elkhart, IN. I am currently a 19 year-old freshman at Ball State University pursuing a Telecommunications major and a Spanish minor. I have always considered myself a leader, a team player, and above all, a hard worker. I try to put a 100% effort into everything that I do, and I am never satisfied unless I know I have given each situation my all. This attitude and approach to my life helped me achieve a perfect GPA of 4.0 in high school. In addition to being the class president, I was also involved in numerous extracurricular activities, including varsity basketball, varsity track, Student Council, National Honor Society, and the school newsmagazine. It was National Honor Society that led to my involvement with Five Star; each member was required to complete a 30-hour service project. I wanted to take this opportunity not just to complete the assignment, but to really help make a difference. When I heard about Five Star and the effect that it can have on underprivileged children, I thought I might be able to employ my talents. I put together the video in hopes of spreading the word of Five Star to schools and businesses, and I couldn't be happier that it has the potential of helping these children. As I continue pursuing my dreams in college and beyond, I hope to continue to take advantage of opportunities to use my talents to help others.

Thanks and good luck with Five Star!

Eric Peat
